FRIDAY, NOVEMBER 18, 2016

DEPARTMENT GRAND ROUNDS
7:00-7:30am  How will you measure your life?  
D. Bradley Welling, M.D., Ph.D.  
Massachusetts Eye and Ear Infirmary

7:30-8:00 am  Long-term hybrid results: a look to the future  
Bruce Gantz, M.D.  
University of Iowa

HEARING IMPLANTS
8:00-8:20am  Miriam  
Myles Pensak, M.D.  
University of Cincinnati

8:20-8:40am  Magnetic guided cochlear implantation: reduction of insertion forces with lateral wall electrodes  
Frank Warren, M.D.  
The Oregon Clinic, Westside Ear, Nose & Throat

8:40-9:00am  Cochlear implants in pilots  
David Schall, M.D., MPH, FAACS  
Federal Aviation Administration

9:00-9:20am  A light reactive gel patch for tympanic membrane repair  
Barry Strasnick, M.D.  
Eastern Virginia Medical School

9:20-9:40am  The Esteem implant: a surgeon’s perspective after 100 cases  
William McFeely, M.D.  
North Alabama ENT Associates

9:40-10:00am  Application of Engineering Technology to Otologic/Neurotologic Surgery  
Rob Labadie, M.D., Ph.D.  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

10:00-10:10 Break

10:10-10:30am  Electrode location and insertion depth predict outcomes after cochlear implantation  
Brendan O’Connell, M.D.  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

10:30-10:50am  The relationship between hearing status and cognitive performance in older adults  
Julie Daugherty, NP-C, Ph.D.  
Silverstein Institute

10:50-11:0am  Clinical implications of word recognition differences in earphone and aided conditions  
Theodore McRakan, M.D.  
Medical University of South Carolina

11:10-11:30am  Endoskeletal ossicular reconstruction with K-helix prostheses  
Eric Kraus, M.D., M.S., FACS  
The Ear Center of Greensboro

11:30-11:50am  Valuation of the facial recess with regard to percutaneous cochlear implantation  
Gabriela Braga, M.D., Ph.D.  
Hospital das Clínicas da Universidade de São Paulo

11:50-12:20pm  Panel: Concepts in Private Practice Neurotology  
Moderator:  
David Haynes, M.D., FACS  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

Panelists:  
Charles Luetje, M.D  
St. Luke’s Midwest Ear Institute

Frank Warren, M.D.  
The Oregon Clinic, Westside Ear, Nose & Throat

Britt Thedinger, M.D.  
Ear Specialists of Omaha

Mark Severtson, M.D.  
Kentuckiana Ear, Nose & Throat

Jack Shohet, M.D.  
Shohet Ear Associates

12:20-1:00pm  Lunch

SKULL BASE
1:00-1:20pm  Observation of vestibular schwannomas: predictors of growth  
Jacob Hunter, M.D.  
Southwestern Medical Center

1:20-1:40pm  Sub-total versus gross total resection of vestibular schwannomas  
Matt Carlson, M.D.  
Mayo Clinic

1:40-2:00pm  Maximizing IAC exposure during retrosigmoid approach for vestibular schwannoma resection  
Roberto Cueva, M.D., FACS  
Kaiser Permanente
2:00-2:20pm Pre-auricular trans-glenoid approach for treatment of CSF rhinorrhea and IAC aneurysm resection  
James Netterville, M.D.  
Vanderbilt University Medical Center

2:20-2:40pm Contemporary management of glomus jugulare tumors  
George Wanna, M.D., FACS  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

2:40-3:00pm Acoustic neuroma and CPA tumor surgery: 14 year experience in private practice in Brazil  
Aloysio Augusto Tahan de Campos Netto, M.D., Ph.D.  
Instituto Paulista de Otologia

3:00-3:15 Break

3:15-4:00pm Panel: Changing Landscape in Management of Vestibular Schwannoma  
Moderator:  
George Wanna, M.D., FACS  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt  
Panelists:  
Matt Carlson, M.D.  
Mayo Clinic  
D. Bradley Welling, M.D., Ph.D.  
Massachusetts Eye and Ear Infirmary  
Dennis Bojrab, M.D.  
Michigan Ear Institute  
Bruce Gantz, M.D.  
University of Iowa  
Roberto Cueva, M.D., FACS  
Kaiser Permananente

4:00-5:00pm Tour of the Vanderbilt Bill Wilkerson Center  
with Ron Eavey, MD, SM, Director, Vanderbilt Bill Wilkerson Center for Otolaryngology and Communication Sciences and Guy M. Maness  
Professor and Chair, Department of Otolaryngology, Executive Medical Director, Vanderbilt Employee Health Plan Executive Medical Director, Vanderbilt University Medical Center Office of Population Health

SATURDAY, NOVEMBER 19, 2016

CHRONIC EAR

8:00-8:30am Finding SCDS: lessons learned from Mike  
Lloyd B. Minor, M.D.  
Stanford School of Medicine

8:30-8:50am Autologous fibrin foam and tympanoplasty  
Mark Widick, M.D.  
Ear, Nose and Throat Associates of South Florida

8:50-9:10am Update in diagnosis and management of Eustachian tube disorders  
Dennis Poe, M.D., Ph.D.  
Boston Children's Hospital

9:10-9:30am Life after AERA- where do we go now?  
Marc Dean, M.D.  
Dallas Fort Worth ENT

9:30-9:50am Cholesteatoma dissection: endoscopic versus microscopic  
Marc Bennett, M.D., MMHC  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

9:50-10:10am Minimally invasive surgery for hyperacusis  
Herb Silverstein, M.D.  
Florida Ear & Sinus Center

10:10-10:20am Break

10:20-10:40am Unusual ear problems  
Peter Smith, M.D.  
St. Louis, Missouri

10:40-11:00am Update on Meniere's disease  
Akira Ishiyama, M.D.  
University of California at Los Angeles

11:00-11:20am Managing expectations in cholesterol granuloma surgery  
Alex Sweeney, M.D.  
Baylor College of Medicine

11:20-11:40am Development of endoscopic ear surgery skills trainer  
Matthew Dedmon, M.D.  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

11:40-12:00pm From simple to complex: how far can we go with endoscopic ear surgery  
Alejandro Rivas, M.D.  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt

12:00-12:30pm Panel: Optimizing outcomes in tympanomastoid surgery  
Moderator:  
Alejandro Rivas, M.D.  
Vanderbilt University Medical Center  
The Otology Group of Vanderbilt  
Panelists:  
Eric Kraus, M.D., M.S., F.A.C.S.  
The Ear Center of Greensboro  
Benjamin McGrew, M.D.  
University of Alabama Birmingham  
Alex Sweeney, M.D.  
Baylor College of Medicine  
Dennis Bojrab, M.D.  
Michigan Ear Institute

12:30pm Lunch to go
