Welcome to Nashville!

Whether you are visiting and learning about the Vanderbilt University Medical Center community or are already planning a relocation to the “Athens of the South,” I’m confident that you’ll soon be happy to call Nashville, and Vanderbilt, your new home.

The Vanderbilt community is warm and friendly with multiple avenues of support available to you. If you are relocating to be part of the Vanderbilt Medical Center house staff, one of these supports is the Vanderbilt Housestaff Alliance ("VHA"). The VHA is a nonprofit social and philanthropic organization. Membership is open to the spouses and significant others of the Vanderbilt house staff and alumni. Our mission is a simple one: to promote friendship among members, foster a supportive environment, and serve the Nashville community. We provide numerous opportunities to meet and socialize with other resident families -- forging friendships and offering support during a particularly difficult time of medical training. We also do various service projects throughout the year and have numerous groups for our members to join. We hope you’ll inquire further about the VHA and ultimately join our organization!

One of the VHA service projects is to generate this guide to life in Nashville, the “Newcomer’s Guide.” Our members update this guide annually, and many of us have continued to draw upon it throughout our stay here in Nashville. It contains information you will need for relocating (including information on real estate agents who sponsor the VHA) as well as information about fun things to do. You’ll quickly discover what many of us already have – that Nashville is a great city and community and a wonderful place to call home.

If you are interested in receiving more information about the VHA or have questions, please feel free to e-mail us at president@vhalliance.org or visit the VHA website at http://vhalliance.org/. We look forward to meeting you!

Sincerely,

Laura Osterman & Lisa Lugo

HOUSING

Vanderbilt’s “Off Campus Referral Service”

The Off-Campus Referral Service has a great deal of information about rental properties provided to Vanderbilt by individuals interested in renting to members of the Vanderbilt community. They maintain files that are updated daily about everything from rental homes/duplexes, to efficiency apartments, to locating a roommate. They can also provide information about utilities, school districts, realtors, etc. The office is located at Branscomb Quadrangle, 2601 Vanderbilt Place, Rm 4119 and the office hours are Monday -Friday, 8-5. Additional information can be obtained by contacting Kathy Hutchison in the Office of Housing and Residence Life at kathy.hutchison@vanderbilt.edu or at (615) 322-2594 and at their website: https://apphost2.its.vanderbilt.edu/studentbiz/OCReferral/

Office of Graduate Medical Education (GME)

The Office of Graduate Medical Education has also collected a number of useful informational links on its website: http://www.mc.vanderbilt.edu/gme - click on “New House Staff” on the left hand side of
the page. Among the information is a number of links to various sources of housing information, including some links for housing and roommate listings.

**Realtors**

A listing of area realtors can be found in the Professionals section, beginning on page 14.

**Apartment Locator Services**

Free national apartment rental publications with local listings are available at most Nashville area supermarkets. You may also contact the publishers directly at:

- **Apartment Finder** [http://www.apartmentfinder.com/](http://www.apartmentfinder.com/)
- **Apartments.com** [http://www.apartments.com/](http://www.apartments.com/)

**GREATER NASHVILLE - WHERE TO LIVE?**

The residential districts of greater Nashville are subdivided into 14 general areas. While Vanderbilt residents literally reside all over the map, listed below are descriptions of seven areas where many Vanderbilt Housestaff Alliance members reside, both as renters and homeowners. If you expect to be in Nashville long enough to buy, we recommend working with a buyer’s agent to get the best available information about public safety, schools, and quality of life. A map of the greater Nashville area, divided into these residential sections, follows.

**Vanderbilt/ Belmont/ Sylvan Park/ West End**

The Vanderbilt/Belmont/Sylvan Park/West End area has many well-constructed older homes (predominantly 1920s-1960s), as well as a number of apartments, town homes, and condominiums. These in-town neighborhoods are pedestrian-friendly, near Vanderbilt and Hillsboro Village, convenient to downtown, and loaded with amenities. This area has coffee houses, brew pubs, good restaurants, banks and unique shopping. The biggest advantage to living in this area is its proximity to Vanderbilt. Some residents live close enough to even walk or ride a bike. Of course, this close proximity has a price. Housing in the Vandy/West End area can be expensive, but some reasonably priced housing is available (but will usually require some fixing up). This area is in Area 2 on the map, close to Vanderbilt between West End Avenue and Charlotte Pike.

**Green Hills**

Green Hills is an upscale area about five miles southwest of downtown Nashville. Consisting of mostly older homes and newer condominium complexes, this area offers safety, good neighborhoods, quiet streets for walking and running, as well as good schools. Green Hills is convenient to both Vanderbilt and the interstates. The Mall at Green Hills is a favorite of Nashville shoppers because of its variety of stores: Coach, Bebe, Restoration Hardware, Pottery Barn, Kiehl’s, Macy’s, etc. It also has several great restaurants including Cheesecake Factory, Carraba’s Italian Grill and Panera Bread. The two main disadvantages to the Green Hills area are that the housing is very expensive and the traffic in the area can be heavy. On the map provided, Green Hills is in northeastern portion of Area 2.

**Bellevue**

With plentiful housing in the rolling hills west of downtown Nashville, it’s easy to see what makes Bellevue so popular. This area has a lot of apartments, condos and subdivisions that are affordable. (If
you’re looking for a big yard or an older house, this isn’t the suburb for you.) The Bellevue area is quiet and safe, making it a good place to raise children. The area offers easy access to Interstate 40, but requires at least a 20-minute drive to Vanderbilt. Bellevue also has a good public grade school, Harpeth Valley Elementary, and a relatively new YMCA. The downside is that, being on the western edge of Nashville, it is a longer drive to get any other part of town, especially areas south of Nashville like Cool Springs. On the map provided, Bellevue is in the western most part of Area 2, located right off I-40 west (or straight west on West End Ave).

**The Capitol District**
The area just North of downtown but inside the urban interstate loop has grown and changed dramatically in the past few years. Best known for Germantown, home to well-known Nashville eateries Mad Platter, Monell’s, Germantown Café, City House, and Rolf & Daughters, other nearby neighborhoods include Salemtown, Hope Gardens, and Historic Buena Vista. Located at the Eastern end of Nashville’s legendary Jefferson Street, this area provides convenient access to downtown, Vanderbilt, and most of the rest of the city. Other points of interest include Nashville’s brand new minor league ballpark at Sulphur Dell, the Nashville Farmer’s Market, and the Bicentennial Mall state park. This area is basically right at the middle of the map.

**East Nashville**
If you enjoy urban living, East Nashville's got the right stuff. It sits right across the Cumberland River from downtown and was Nashville’s first urban neighborhood, full of beautiful historic homes offering everything from Victorian cottages built before the turn of the century, and quaint 1920’s bungalows to modern homes and condos. Its low-key vibe, neighborly feel, and down-to-earth personality make this community a great place to escape the city without leaving town. Shelby Park offers a 16-mile run/bike path, several playgrounds, two golf courses and a dog park. Walk from your house to a variety of unique shops, art galleries, coffee shops and eateries in East Nashville or cross the pedestrian bridge and stroll through downtown! Research more at [http://www.eastnashville.org/](http://www.eastnashville.org/). On the map provided, East Nashville is in Area 6 & 7, in the North East quadrant near downtown Nashville.

**Crieve Hall/Nippers Corner**
Residents are attracted to the Crieve Hall area for its modest housing prices and prime location. From here, almost any destination in the area is a short (10 to 15 minute) drive. The area is full of subdivisions built in the early 1960s. It is a quiet and relatively safe area where you can buy an older house (predominantly ranch-style) with a nice yard for an affordable price. Crieve Hall has several good public grade schools (but some that are less desirable, so be sure to do some research when looking at homes) and a beautiful new public library. This centrally located area (northern Area 1 on the map) is about 8 miles from Vanderbilt and has great access to I-65, making a trip to Vanderbilt about 12-15 minutes.

**Brentwood/Cool Springs/Franklin**
From Vanderbilt, go South on I-65 and you will find the areas of Brentwood, Cool Springs, and Franklin (in that order as you travel south). These three areas are located in Williamson County and provide a fantastic school system and a booming local economy. The Cool Springs area, which has grown significantly in recent years, has many movie theaters, restaurants and strip malls. Traffic during rush hour can be heavy and housing costs more than in the most areas in Davidson County. On the map provided, this area is located south of Nashville off I-65 and Franklin Road (Area 10 and the southern portion of Area 1).
If you’re looking to buy a house, check out the following website: [http://www.realtracs.com/](http://www.realtracs.com/)

It contains all of the MLS listings in Tennessee. To search for a property you must select the MLS area in which you want to look. Use the following map to familiarize yourself with the MLS areas (#1-8 in Davidson County, 9-14 in the surrounding counties).

**Woodbine**

Woodbine is an up and coming area in the heart of Nashville. Residents of Woodbine are attracted to the affordable prices and proximity to so much of the city (only an 11 minute drive from both Vanderbilt and downtown). There is a lot of diversity in this area (including great ethnic restaurants), as well as a growing sense of community fostered by the Woodbine Neighborhood Association. Most of the housing choices are older homes, though there are some new condominiums. The nearby Thompson Lane branch library and adjacent Coleman Park playground are great places to take children for an outing, and the Coleman Community Center offers a very affordable gym and exercise classes. Woodbine is also very close to the Nashville Zoo and Adventure Science Center. Some downsides include that the nearby businesses along Nolensville road are not very attractive. If you are looking for a pristine suburban-looking area, this is not it. Also, though local Whitsitt Elementary has a safe and friendly environment, its test scores are historically low, so many families in the neighborhood choose to home school or drive their children to an optional school instead. To visit Woodbine, take the Nolensville exit off of I-440.

UTILITIES

Before moving into your new home, you should make arrangements with the following utility companies for services.

Electricity:
Nashville Electric Service (NES)
1214 Church St, Nashville, (615) 7366900, http://www.nespower.com
Call Center Hours: M-F 6 a.m. 11 p.m., Sat. 7 a.m. - 5 p.m.
Walk up Hours: M-F 8 a.m. – 6 p.m.

To establish service, call or stop in to the Church Street Office. Customers will need two forms of identification (driver's license, social security card, passport, birth certificate). New customers will need to pay a $180 deposit before service can be connected. In some cases, that fee can be waived: (1) Letter of Credit--A satisfactory letter of credit for the last 12 months of service from any gas or electric utility (no more than 2 disconnect notices, no more than one returned check, and no disconnects for non-payment). (2) Credit Check--An instant credit check with a credit bureau at no expense to the customer.
An initial service fee of $15 is charged if electricity is already on at your new location. If not, a connection fee of $45 (for same day service) or $30 (for scheduled service) is charged to have the electricity restored.

**Natural Gas:**

**Piedmont Natural Gas**
(800) 752-7504, (615) 734-0665, [http://www.piedmontng.com](http://www.piedmontng.com)
Call Center Hours: M-F 6 a.m.-8 p.m., Sat 7 a.m. – 6 p.m., Closed Sunday

To establish service, call customer service at the above number or make a service request through their online system (company is based out of North Carolina—no local office available). New customers will need to provide social security and driver’s license numbers and give permission to undergo a credit check or leave a deposit with the utility. If a deposit is required, it will be based on the two previous highest bills at the location. If the prior customers at your location were delinquent, you will need to provide a notarized copy of the lease showing your date of occupancy. Electricity and water will need to be active prior to your gas service start date.

**Water:**

**Metro Water Services**
1700 3rd Ave N, Nashville, (615) 862-4600, [http://www.nashville.gov/water](http://www.nashville.gov/water)
Business Hours: M-F 8:00 a.m.-5:00 p.m.

Residential customers starting water service must pay a non-refundable service initiation fee of $35.00 for guaranteed same day service or $25.00 for any day thereafter. When you call, be prepared to provide them with your driver’s license information. If there is an outstanding balance on the address, you’ll have to set up service with Nashville Electric Service before your water service can be established.

**Garbage Collection & Recycling:**

**Metropolitan Department of Public Works**
(615) 862-8750, [http://www.nashville.gov/pw/](http://www.nashville.gov/pw/)

Each home in the Nashville Urban Services District is given two 96-gallon containers. One is tan and designated for trash and the other is green for recycling. The trash containers are picked up weekly and the recycling containers are picked up monthly. Consult the underside of the container’s lid for pickup information. Nashville recycles paper, cardboard, metal cans (aluminum and food cans) and plastics (1-7, but not black plastic trays). Glass bottles (and any other recyclable material if you don’t have a container) can be taken to centers located throughout the community. Metro Public Works also offers brush pick up three times per year.

If you live outside the Urban Services District or outside of Davidson County, you must contact the local trash removal company (e.g.: PDQ, BFI, Hudgins, etc.). This service costs approximately $15 a month but is sometimes covered by the Home Owner’s Association fee in some subdivisions. You can also now add recycling service for $11-20/month through Earth Savers ([http://www.earthsavers.org](http://www.earthsavers.org)). Check your phone book for listings.

**DRIVER'S LICENSE**

Upon establishing residency in the state, a Tennessee driver's license must be issued within 30 days. If your old license is still valid, you can surrender it in exchange for a TN license. In that case, you will only have to take a vision test, have a new picture taken, and pay a fee. To exchange a license from your former state of residence, you must present:

- Your current license (or certified copy of driving record or other acceptable ID).
- Proof of name change, such as original certified court order, marriage certificate, or divorce decree as needed.
- Two Proofs of Tennessee Residency with your name and resident address - NO P.O. BOXES (Documents must be current. Must be dated within last 4 months.)
- **Proof of U.S. Citizenship, Lawful Permanent Resident Status or Proof of authorized stay in the United States** (most people overlook this one, especially because it is a recent addition).
- A Social Security Number or sworn affidavit if no Social Security number has been issued.

*Please visit the website listed below to be sure you have all proper identification information.

If your old license is expired by more than six months, you may be required to take a written and/or road test in order to get your license.

The fee is typically $19.50 for a five-year license and must be paid with cash, check or money order. However, the fee could be slightly more or less as it will be prorated in order to set your license expiration date to fall on a birthday divisible by five (i.e. 25, 30, 35, etc.). Also, if you are recently married and will require a name change on your new driver’s license, remember to bring along your original marriage license. All your driver’s licensing questions can likely be answered at [http://tennessee.gov/safety/dlmain.shtml](http://tennessee.gov/safety/dlmain.shtml)

AUTOMOBILE REGISTRATION

Upon establishing state residency, you must purchase a Tennessee license plate for your car. Prior to purchasing your license plate, all vehicles (except motorcycles and vehicles with a model year before 1975) must pass the Middle TN Vehicle Inspection Program's emission test. Emission testing costs $10 (no checks or bills larger than $20 accepted, credit and debit accepted) and can be done at any of the stations in the Metro area. You’ll need to have your current registration (from your previous state) to have the inspection completed. The Davidson County emissions testing centers are open 7 a.m. - 6 p.m., Monday & Tuesday and 7 a.m. - 5 p.m. Wednesday through Friday. Should your vehicle fail the inspection, you are entitled to one free re-inspection.

For additional information, please visit [http://www.nashvillevip.org](http://www.nashvillevip.org)

Davidson County Centers are located at:

- 501 Craighead Street (just east of Franklin Pike, on west side of I-65 overpass)
- 3494 Dickerson Road (approx ½ mile north of I-65)
- 715 Gallatin Road, North, Madison (across the street from Regent Dodge)
- 3363 Stoners Bend Drive (Lebanon Rd. to Central Pike, Turn at Rippy's Auto Bodyshop)

- 7008 West Belt Drive (go West from Centennial/Cockrill Bend stoplight, Westbelt is first right)

After your car has passed the emissions test, you may apply for a Tennessee license plate. The fee for a license tag, a Metro sticker and title change (if you own your car) is $89.50 (first TN license) and then the renewal each year is $79. If you own your car, you will need the title and emissions certificate. If there is a loan on your car, you will need to show current registration, the full address of the loan company and the emissions certificate. If your car is leased, you will need your current registration, your emissions certificate, and power of attorney from the lease company, & their tax-exempt ID number. A copy of the lease is also helpful. Bring all paperwork to the main County Clerk's Office, Metro Howard Office Building, 700 2nd Avenue South, Room 153 (M-F 8a.m. - 4:30 p.m.), or any of the satellite offices, which include:

VOTER REGISTRATION

To vote in Nashville or the surrounding area, a person must be a citizen of the United States, be at least 18 years old, and be a resident of Tennessee. A federal or state issued government photo ID is now required to vote. You need to register to vote at least 30 days before an election. In Nashville there is a permanent registration.

To register, appear in person at the Davidson County Election Commission, 800 Second Avenue South, 4th Floor or pick up a mailin form at any post office or public library. Mail this form to the Davidson County Election Commission, P.O. Box 650, Nashville, TN, 37202. You can also register while getting your driver's license. MARRIAGE LICENSE

Anyone over the age of 18 can purchase a Marriage License. It must be purchased no more than 30 days prior to the marriage ceremony at the County Clerk’s Office, 700 Second Avenue South. Both parties must be present with valid ID (that has proof of your SSN) and birth certificate to purchase the license. For more information, contact the County Court Clerk's Office, (615) 862-6256, 8 a.m. to 4:00 p.m. Monday-Friday. The fee is $99.50; however, those who complete a premarital course or any premarital
counseling within the year prior to their wedding are exempted from paying $60.00 of the fee. The State of Tennessee has statutes in place prohibiting same sex marriages and will not recognize such marriages performed in another state. Tennessee law also does not allow for common law marriages, but Tennessee will recognize the common law marriage of a couple relocating from a state that legally recognizes such unions. More information is available at the Clerk’s website: http://www.nashvilleclerk.com/living/marriage-license/

VARIOUS LAWS

Liquor Laws:
The legal drinking age in Tennessee is 21. Bars are permitted to stay open until 2 a.m. seven days a week. Liquor and wine are only sold through licensed package stores (although state law is moving quickly on this front). Beer can be purchased at most grocery and convenience stores, as well as package stores, but not where liquor and wine are sold. Liquor stores are closed on Sundays.

DUI:
Tennessee has one of the strictest DUI laws in the United States with .08 being the legal limit. If you are convicted of a first offense DUI, you will incur a jail sentence, probation, required public service, a $350 fine, court costs, and loss of your driver's license for one year.

Traffic Laws:
Right turns on red lights after stop are legal at most intersections unless otherwise posted. Tennessee drivers are required to “move over” when passing a stopped emergency vehicle by switching lanes where applicable (four lane road) or slowing down while passing where “moving over” is not possible. Seat belts are required for vehicle drivers and all passengers regardless of age, and a vehicle can be stopped solely for a belt related offense. The driver of a vehicle is responsible for insuring that all children under the age of 16 are properly restrained in any vehicle, this includes requiring the use of car seats and belt positioning boosters. For a detailed list of the Child Restraint Laws, please refer to the state’s website at http://www.tn.gov/safety/newCRD.shtml

TAXES

Currently, there is no personal income tax on most income, including salaries, in Tennessee. However, Tennessee does have a tax on certain interest and dividend income over $1250 per person. The current state sales tax is 7% and the city sales tax is 2.25%, making a total of 9.25%. This combined tax is assessed against virtually all retail goods sold in Tennessee. For information on residential property taxes, contact the Metropolitan Property Assessor at (615) 862-6080. In Davidson County, tax is assessed at a rate of $4.13 per $100 of assessed value, with an assessment ratio of 25% for residential property owners. That is to say, a home with an assessed value of $100,000 would have property taxes of approximately $1,032.50 (or ($100,000*.25)*(4.13/100)). For the current taxes on a piece of property, consult the tax records online through the Property Assessor’s website: http://www.padctn.com/

PUBLIC LIBRARIES:

Downtown Nashville Public Library is located at 615 Church St., Nashville, (615) 862-5800.
It is open Tues-Fri 9-6; Sat 9-5; Sun 2-5 p.m. Garage parking is available, and the first hour is free with library desk validation. In order to obtain a Davidson County library card, you must present a valid Tennessee driver’s license (military ID or passport) with a Davidson County address. If your ID doesn’t have your current Davidson County address, you will need to verify your address with a utility bill, pay stub, voter registration card, or similar documentation of current address. PARENT'S DAY OUT and PRESCHOOL PROGRAMS:

Parent’s Day Out programs offer young children the opportunity to be in a social and learning environment. They also allow the parent to run errands, go for lunch, or even spend time with a new baby! Some of the programs accept children as young as 6 weeks old. The child attends anywhere from one day a week to multiple times a week, usually sometime between 9 a.m. to 3 p.m. The day includes lots of “school-like” activities, including painting, coloring, singing, story time, etc. Most programs also feed the children lunch and let them take an afternoon nap. Since each program is a little different, be sure to ask very specific questions about registration, children’s ages, class size, discipline, hours, and the curriculum.

Due to the popularity of Parent’s Day Out, a lot of the programs have very long waiting lists for enrollment. Most programs provide first preference to children currently enrolled, siblings of children currently enrolled, and church members before enrollment is open to the public. Don’t wait too long (maybe even once you find out you are pregnant) to find the place you want to go and get signed up.

Many of the churches with Parent’s Day Out programs also have pre-school and kindergarten programs. Once your child is enrolled in Parent’s Day Out, he or she is usually given first preference for enrollment in the pre-school and kindergarten programs. In addition to the church schools, there are many other preschool and kindergarten programs available in Nashville. Refer to various educational publications for listings.

Here are just a few of the Parent’s Day Out programs used by Housestaff Alliance members. Be sure to check churches near where you plan to live for additional programs.

Las Americas ($-$-$) – 4715 Nolensville Road - (615) 315-8888
“It’s just a little questionable-looking strip mall joint on Nolensville with bars on the window. The hummus is good if you want to stay with the known food. Also try the rice pudding. Also, the kids menu has chicken nuggets etc. if you picky little ones.”

“While the décor is bland, the food is not. Anatolia has a wide variety of not-quite-so-Americanized Middle Eastern choices and has lovely depth of flavor in their foods. Service is, as you might expect from an authentic Middle Eastern restaurant, almost irritatingly slow.”

“Mellow Mushroom has the best crust in town. While the chains have forgotten the art of pizza crust that actually tastes good, MM can boast both great taste and texture in their crusts. They have a goodly choice in toppings. Together it makes for a great pie. Downside? The décor is...thematic.”
