VANDERBILT PROGRAM IN RESEARCH ADMINISTRATION DEVELOPMENT

Demystifying the Research Enterprise

A professional development program designed for Vanderbilt's research administrators.

What is VPRAD?

VPRAD Level 1 is conceived as a broad overview of the research enterprise at Vanderbilt for staff members who have some experience in their position but need a wider perspective of how everything fits together. Topics include support and compliance in the research enterprise as well as elements of both pre- and post-award for grants and contracts.
