

REHABILITATION SERVICES 2006-7 Committee Work

KEY FUNCTION COMMITTEE

Facilitator: Heather Skaar, PT

Goal:

Determine whether Rehabilitation services meets 90% compliance with documentation regulations.

Process:

- Review chart audits from each area
- Aggregate of results by discipline (OT, PT, Assistant, Athletic Trainer)

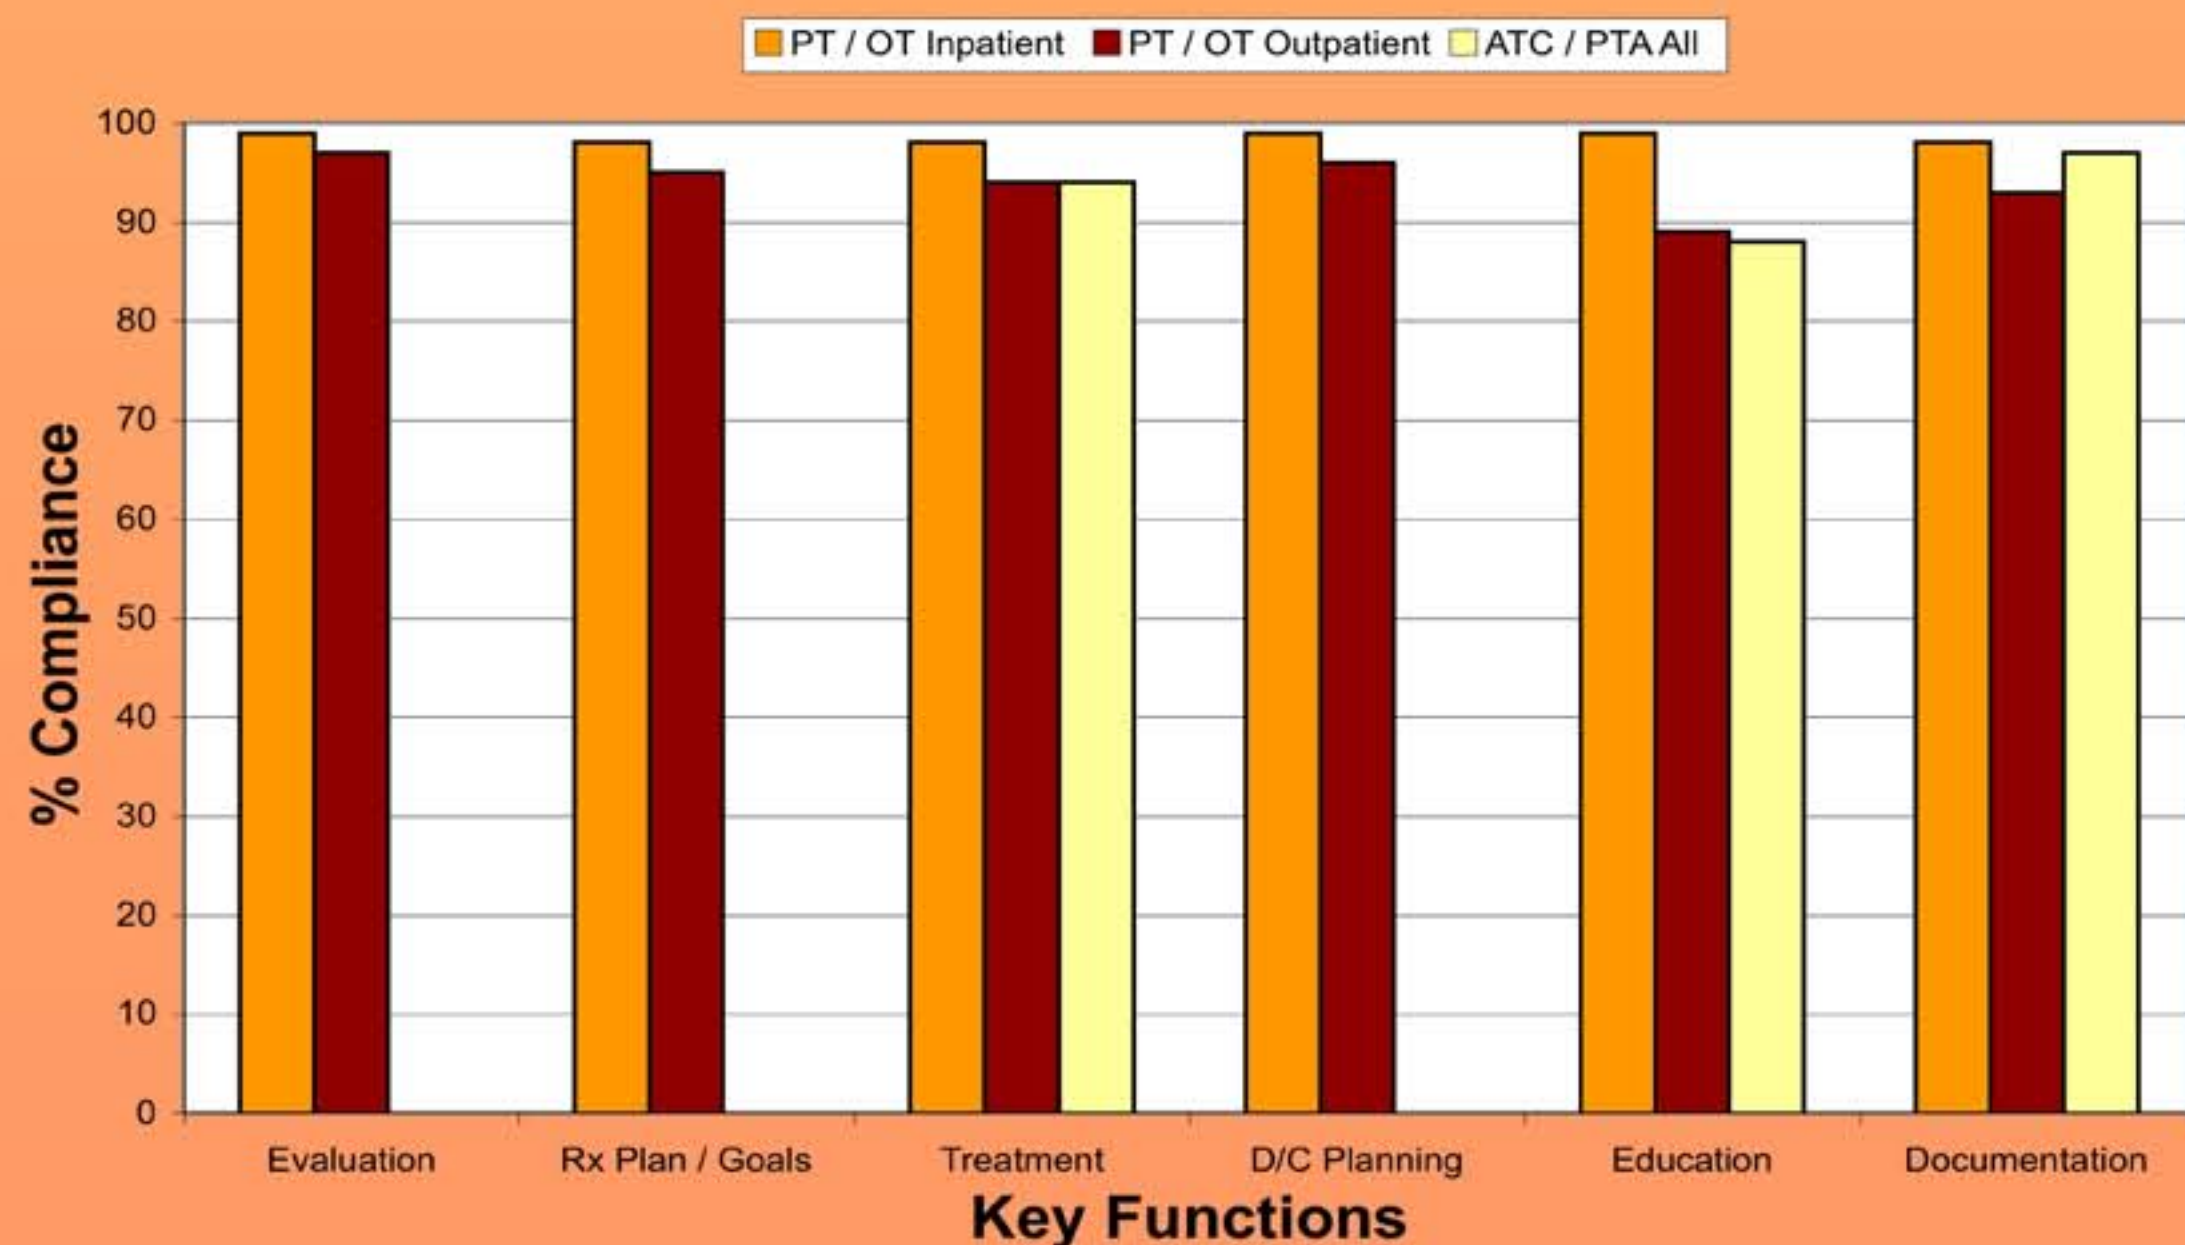

Results:

- 90% compliance was met for all groups in all Key Functions except, EDUCATION

Recommendation:

- * Consult areas with charting template needs
 - Daily notes need prompts for inclusion of education documentation

Documentation Goal: >90% Compliance

STUDENT EDUCATION COMMITTEE

Facilitator: Jill Chabot, MS, PT

Goal:

Explore current student process and determine opportunities for improvement

Process:

Survey of Clinical instructors (CI's)
Flow chart of process

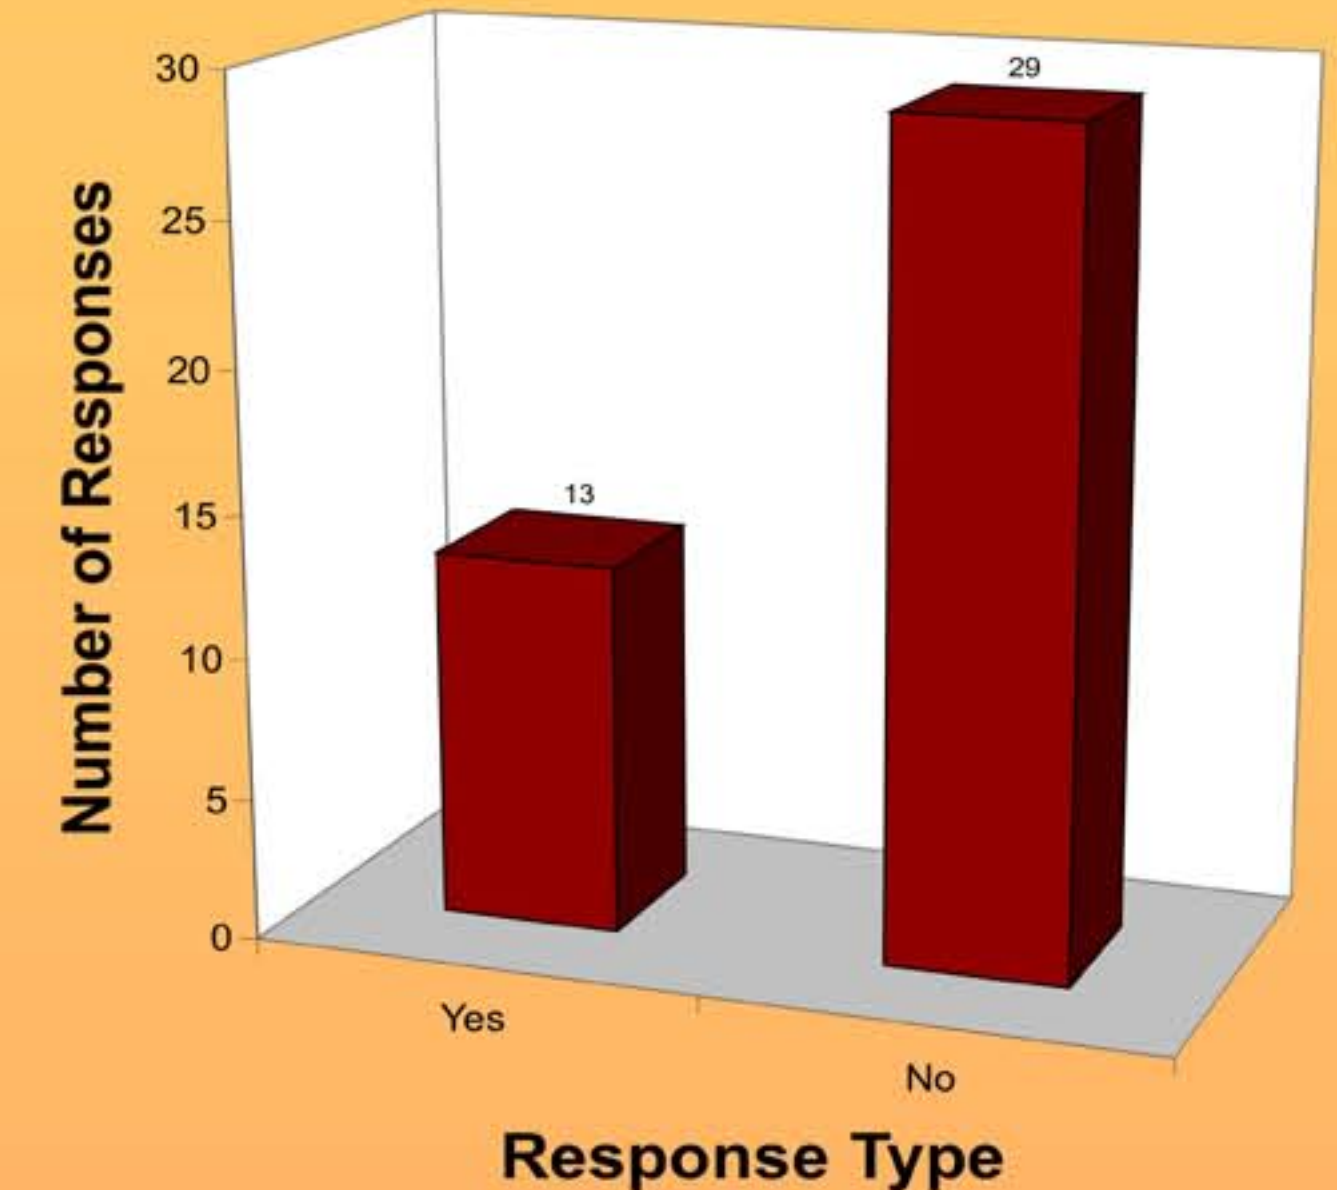

Results:

- 92% CI's rated orientation Good-Excellent
 - * 71% felt they had enough time to complete orientation in 1st week
- Only 31% of students had their computer access their first week

Recommendations:

1. Centralize computer access within service area
2. Redefine flow and process for student entry
3. To revise the orientation process for students during the first week
4. Training session for the clinical instructors
5. Survey the students next year to assess students' perspective of VUMC performance as clinical site

Student Computer Access

Satisfaction with Orientation
