VANDERBILT UNIVERSITY MEDICAL CENTER
REQUEST FOR CLINICAL PRIVILEGES IN
MODERATE SEDATION AND ANALGESIA

Practitioners Name: ____________________________ Specialty: ____________________________

PRIVILEGING REQUIREMENTS:
In accordance with the Vanderbilt University Medical Center policy for Sedation and Analgesia (HP 20-09), and in accordance with the Medical Center Medical Staff Bylaws, a practitioner must be credentialed and privileged to perform Moderate Sedation and Analgesia on patients at Vanderbilt University Hospital and Clinics. In order to be privileged, a practitioner must meet the following requirements:

1. Complete the on-line Sedation Course at: https://www.mc.vanderbilt.edu/compliance/sedatele/
2. Provide documented evidence of certification in Basic Life Support (BLS)

Option 1
And either:
- Advanced Airways Station; or
- ACLS; or
- PALS; or
- ATLS; or
- NRP

Option 2
Be currently Board Certified as an advanced practice nurse or physician assistant with specialty certification and or experience in
- Emergency Nursing; or
- Acute Care Nursing (adult or pediatric); or
- Critical Care Nursing (adult or pediatric)

In order to be recredentialed, one must reapply at each reappointment, providing evidence of current certification. The on-line sedation course need not be repeated, it is a one-time-only exercise. However, it is important that you retain evidence of having completed it for future reference.

Attach required documentation as explained above.
