Course Location
The course will be held at the Vanderbilt Bill Wilkerson Center, Medical Center East, South Tower, Room 8130 A/B.

Nashville, Tennessee – Nashville is a vibrant engaging city which sits beside the Cumberland River and exudes all of the charm and hospitality one expects from a Southern capital. Settled in 1779, the city has a rich and historic past, and visitors can tour many civil war battle sites as well as several well-preserved antebellum plantation homes.

Proudly named “Music City USA,” Nashville has a large music and entertainment scene spanning a variety of genres, and is the home of the Grand Ole Opry, the Country Music Hall of Fame, and many major record labels. The downtown area is always alive with music as it pours out of Lower Broadway, Second Avenue and Printer’s Alley nightly.
