PURPOSE
The first annual Tennessee Trauma Symposium seeks to bring the Tennessee orthopaedic community together to update surgeons across the state on the latest operative techniques and treatments of commonly seen orthopaedic trauma injuries.

EDUCATIONAL NEED
Orthopaedic trauma surgery is a rapidly advancing field with constant changes in the management of complex injuries. This course will utilize both a lecture and case based format to communicate the most recent peer reviewed literature and current management of commonly seen orthopaedic trauma injuries.

OBJECTIVES
After participating in this CME activity, participants should be able to describe and discuss:
1) Newer and emerging evidence-based approaches to managing orthopaedic trauma
2) Newer and emerging evidence-based approaches to managing open fractures
3) Indications for following an operative or non-operative approach
4) Methods of non-operative treatment including bracing, casting, and timing of treatment

TARGET AUDIENCE
Orthopaedic surgeons in the Southeast.

ACCREDITATION & CME CREDIT
Vanderbilt School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Vanderbilt School of Medicine designates this live activity for a maximum of 6.75 AMA PRA Category 1 Credit(s)™. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

MEETING LOCATION
The program will be held at the Hilton Garden Inn, 1715 Broadway Avenue in Nashville, TN.

AMERICANS WITH DISABILITIES ACT
It is the policy of Vanderbilt School of Medicine not to discriminate against any person on the basis of disabilities. If you feel you need services or auxiliary aids mentioned in this act in order to fully participate in this continuing education activity, please contact Amy Doyle at (615) 936-5661, or amy.doyle@vanderbilt.edu.

REGISTRATION
To register, send an email including your name and title to rsvp-tnts@vanderbilt.edu.

Disclosure
It is the policy of Vanderbilt School of Medicine to require disclosure of financial relationships from individuals in a position to control the content of a CME activity; to identify and resolve conflicts of interest related to those relationships; and to make disclosure information available to the audience prior to the CME activity. Presenters are required to disclose discussions of unlabeled/unapproved uses of drugs or devices during their presentations.
Dr. Augusto Sarmiento is one of the true pioneers of Orthopaedic Surgery and a leader in the field. He is the Former Professor and Chairman of the Department of Orthopaedics at both the University of Miami and the University of Southern California. He is a former President of the American Academy of Orthopaedic Surgery and is a former recipient of the Kappa Delta Award and the John Charnley Award. He is the author of Bare Bones: The Price of Success in American Medicine; a wonderful autobiography that details his meteoric rise from his homeland of Colombia to his great success in the United States.

**VANDERBILT SPEAKERS**

Jason Evans, MD  
Alex Jahangir, MD  
Hassan Mir, MD  
Bill Obremskey, MD  
Aaron Perdue, MD  
Manish Sethi, MD
